Contributors and Their Contributions

Bug	Size	Description
Felix Burton (windriver.com)		
221380	3.9K	[tcf] TCF agent depends on pthreads for asynchronous events missing part of previous patch
221380	22.6K	[tcf] TCF agent depends on pthreads for asynchronous events Partial implementation of async request support
221380	2.0K	[tcf] TCF agent depends on pthreads for asynchronous events missing part from previous patch
222363	54.6K	[tcf] Initial implementation of value-add Initial value-add framework
222363	2.3K	[tcf] Initial implementation of value-add

		Fix to close channel when EOM is received from remote peer
223571	10.3K	[tcf] message logger value-add process
		TCF message log process
224277	23.6K	[tcf] ptrace attach race condition
		updated fix for ptrace attach race condition
226789	32.4K	[tcf] input buffer and thread less udp discovery patch
		input buffer and thread less udp discovery patch
Li Ding (ca.ibm.com)		
256135	2.2K	Subsystem not restored in system view tree if subsystem configuration does not support filter
		Add checking for supportFilters
Anna Dushistova (ru.mvista.com)		
231966	881	[rseterminal][apidoc] Add terminals.rse Javadoc (package.html)
		package javadoc
235934	2.8K	Launch Shell/Terminal commands enabled when selection is empty
		patch that fixes the issue
Daniel Friederich (freescale.com)		
237378	2.0K	[tcf] TCF Reference implementation does not follow spec for Flow Control command F
		Patch for the agent to accept the defined syntax too.

		[tcf] TCF Reference implementation does not follow spec for Flow Control command F
237378	2.6K	java side patch. Send terminating 0 byte (see in comment for additional remarks)
		[tcf] API extension to TCF Registers and Memory services
264723	13.1K	Patch with register service changes
Kenya Ishimoto (jp.ibm.com)		
		Paste action causes IllegalArgumentException at Resource.copy
241197	892	Patch of org.eclipse.rse.ui - change SystemPasteFromClipboardAction.
Sidharth Kodikal (freescale.com)		
		[tcf][api] Breakpoint data structure extensions
228389	33.7K	Updated Breakpoint service spec
		[tcf][api] Runcontrol Service. Reverse resume modes
230274	31.2K	Runcontrol spec update
Mike Kucera (ca.ibm.com)		
		[efs] Cannot restore editors for RSE/EFS-backed resources
241316	14.6K	enhanced patch
Justin Lin (ca.ibm.com)		
		JJ: Environment Variables property page allows duplicates in table
244051	1.8K	Patch to fix duplicate name checking in the environment variables page
Vlad Lungu (windriver.com)		

[249736](#)		679	[tcf] Cannot bind to default port after using connection and restarting SO_REUSEADDR on default port
[249742](#)	2.0K		[tcf] Need generic array support generic array support
[249841](#)	1.6K		[tcf] Changes in TCF discovery protocol: UDP instead of TCP in slave mode move Locator.Hello detection to start of event branch
[254484](#)		800	[tcf] json_read_array() fails on empty array i.e. [] fix for json_read_array() bug
Laura Le Padellec (windriver.com)			
[230346](#)	1.8K		[tcf] TCF client should accept script of input commands Client accepts file of input commands - revision 2
Renan Le Padellec (windriver.com)			
[222929](#)		634	[tcf] "Processes attach " command generates an invalid TCF message Reworked "Processes attach" reply
[227494](#)	37.6K		[tcf] Comments should follow the ANSI-C syntax Replace all C++ comments (i.e //) by the standard C syntax (i.e. /* */)
[245511](#)	2.4K		[tcf] Interactive mode should be optional "#define ENABLE_Cmdline" in config.h controls presence of interactive mode code
Alex Panchenko (xored.com)			

		[terminal] TelnetConnection.isConnected() should check if socket was not closed
277061	860	TelnetConnection.java patch
Ken Ryall (nokia.com)		
		[tcf] Fix NPE in a couple ILogger implementations
274627	1.2K	fix NPE
		[tcf] Cancel the agent's event loop
274652	1.2K	cancel event loop
Andrei Sobolev (xored.com)		
		[terminal][regression] Ssh banner message causes IllegalArgumentException popup
250456	1.0K	Patch to fix issue
Noriaki Takatsu (jp.ibm.com)		
		[dstore][multithread] "client.username" property in getUserPreferencesDirectory
239068	2.3K	"client.username" property in UniversalServerUtilities
		[dstore][multithread] assignCacheJar() is to be done after setClient()
239073	1.6K	In multithread, the cache jar should be assigned after setClient() is called
		[dstore] Dynamically change the level of logging
239419	2.1K	Refer to system.property every time the log is requested
		[dstore] Dynamically change the level of logging
239419	1.7K	Change System property name and add System.err

[242968](#)	1.8K	[dstore][multithread] serverSocket will be exhausted when client timeout occurrs in Accept serverSocket must be closed when an exception happens in Accept
[245069](#)	1.4K	[dstore] dstoreTrace has no timestamp dstoreTrace should have timestamps
[256724](#)	2.8K	[multithread] thread-level security is not established in FileClassifier thread Establish thread-level security in FileClassifier thread
[259905](#)	2.7K	[dstore][api] To enable a product to use it's own keystore To provide a way to use its own keystore
Greg Watson (computer.org)		
[252060](#)	1.7K	InputStream from HostShellProcessAdapter incorrectly throws IOException patch to fix problem
[268817](#)	92.0K	Add support for Mac OS X Patch to add support for Mac OS X
Don Yantzi (ca.ibm.com)		
[233970](#)	2.1K	StandardCredentialsProvider ignores ICredentialsValidator message Proposed patch for both issues.
[244807](#)	3.0K	System view does not handle restore from cache Subsystem patch (with Contribution statement)
[244807](#)	940	System view does not handle restore from cache

			This is an update to the original patch (requires the original patch be applied first)
Richie Yu (ca.ibm.com)			
241716	2.2K		Handle change expired password
			updates local variable to handle potential change in .validate ()
gaetan morice (anyware-tech.com)			
243768	9.7K		[tcf] Possibility to programatically add new services to the java implementation
			Patch in order to add an API for local/remote service addition
